DRAW THE PARTS OF YOUR CAMERA

Draw the four sides of the camera- front, back (open), top and bottom, to the best of your ability.

You will be graded on attention to detail in accurately labeling the camera parts not on your drawing skills.

Include all of the little knobs and buttons that you see. **Label each part**; you will later figure out what each does. HAVE FUN!!

Front of camera

Top of camera

Bottom of camera

Back of camera, showing the inside.
